Hi Kathleen – just following up for when you want to start this clearance. I have started the record for BaP, not Crystal.

Thanks
Vicki

Hi Kathleen,

I have started the clearance for this Assessment. Your EPA number is: **EPA/635/R-14/312a and b**. Let me know when you are ready to complete the clearance.

Cheryl – the SI number I used is 280022. If this is not the correct record, we should create one and I can change the number in the STICS entry.

Thanks-
Vicki

Hi Kathleen,

Crystal is out this week. I am forwarding to Vicki, Brenda, and Terri. They should be able to provide you with a new document number upon generating a number from STICS.

Vicki, Brenda, or Terri — please assist Kathleen. Thanks!

Let me know if you have any questions.

Cheryl

Hi Crystal and Cheryl-

Very soon (this week perhaps), the benzo[a]pyrene toxicological review will be submitted to SAB as an External Review Draft. Right now it still has the EPA number from when it was released as a public comment draft (in August 2013). Could you give me a number for the new external review draft?
Thanks!

Kathleen
